Ankyloglossia Reference List

A double-blind, randomized, controlled trial of tongue-tie division and its immediate effect on breastfeeding (1)

A family with hereditary ankyloglossia complicated by heterochromia irides and a congenital clasped thumb (1)

A functional haplotype variant in the TBX22 promoter is associated with cleft palate and ankyloglossia (1)

A grooved table-spoon for tongue-tie release and hernial neck transfixion (1)

A lingual mucogingival problem associated with ankyloglossia: a case report (1)

A new syndrome of ankyloglossia and ulnar ray defects in a Newfoundland kindred (1)

A pathological consideration of ankyloglossia and lingual myoplasty (1)

A quick snip - A study of the impact of outpatient tongue tie release on neonatal growth and breastfeeding (1)

Accreditation of midwife lactation consultants to perform infant tongue-tie release

All tied up. Tongue tie and its implications for breastfeeding

An experimental study of rhotacism which was caused by a tongue-tie--sonagraphic analysis

An unusual case of Ankyloglossia Superior

Ankyloglossia (a case report)

Ankyloglossia (tongue-tie)

Ankyloglossia (tongue-tie): a diagnostic and treatment quandary

Ankyloglossia and breastfeeding

Ankyloglossia and effects on breast-feeding, speech problems and mechanical/social issues in children

Ankyloglossia and its effect on the development of anomalies in the position of the teeth and jaws. Diagnosis and therapy

Ankyloglossia and its influence on maxillary and mandibular development. (A seven year follow-up case report) (1)

Ankyloglossia clipping and breast feeding (1)

Ankyloglossia due to shortness of the lingual frenum (1)

Ankyloglossia in an Anatolian Shepherd dog (1)

Ankyloglossia in breastfeeding infants: the effect of frenotomy on maternal nipple pain and latch (1)

Ankyloglossia in dogs: a morphological and immunohistochemical study (1)

Ankyloglossia in pedodontics: diagnostic outline and therapeutic intervention (1)

Ankyloglossia in the infant and young child: clinical suggestions for diagnosis and management (1)

Ankyloglossia in twin brothers (1)

Ankyloglossia intervention in outpatients is safe: our experience (1)
Ankyloglossia may cause breastfeeding, tongue mobility, and speech difficulties, with inconclusive results on treatment choices

Ankyloglossia superior

Ankyloglossia superior congenita

Ankyloglossia superior syndrome: personal case report

Ankyloglossia superior: report of a case

Ankyloglossia with deviation of the epiglottis and larynx

Ankyloglossia with psychological implications

Ankyloglossia, exclusive breastfeeding, and failure to thrive

Ankyloglossia--one lactation consultant's personal experience
Huggins, K. (1990). Ankyloglossia--one lactation consultant's personal experience. [Case Reports]. 

**Ankyloglossia--to snip or not to snip: is that the question?** (1)

**Ankyloglossia. Surgical therapy and results** (1)

**Ankyloglossia: a case study in which clipping was not necessary** (1)

Ward, N. (1990). Ankyloglossia: a case study in which clipping was not necessary. [Case Reports]. 

**Ankyloglossia: a cause of breastfeeding problems?** (1)

**Ankyloglossia: a morphofunctional investigation in children** (1)

**Ankyloglossia: a review of the literature** (1)

**Ankyloglossia: assessment, incidence, and effect of frenuloplasty on the breastfeeding dyad** (1)

**Ankyloglossia: controversies in management** (1)

**Ankyloglossia: does it matter?** (1)

Ankyloglossia: etiopathogenetic aspects and clinical evaluation

Ankyloglossia: facts and myths in diagnosis and treatment

Ankyloglossia: incidence and associated feeding difficulties

Ankyloglossia: the adolescent and adult perspective

Ankyloglossia

Are the features of ankyloglossia limited to the lingual fraenum?

Assessment of lingual function when ankyloglossia (tongue-tie) is suspected

Atypical tongue-tie due to congenital tongue-palate fusion

Audit of tongue-tie division in neonates with breastfeeding difficulties: how we do it

Autosomal-dominant ankyloglossia and tooth number anomalies

**Bipolar scissor division of tongue-tie under tubeless anesthesia** (1)

**Breastfeeding and tongue-tie** (1)

**c. 595-596 insC of FOXC2 underlies lymphedema, distichiasis, ptosis, ankyloglossia, and Robin sequence in a Thai patient** (1)

**Case of the month. Tongue-tie** (1)

**Cleft lip with cleft palate, ankyloglossia, and hypodontia are associated with TBX22 mutations** (1)

**Clinical and statistical studies on ankyloglossia from the Department of Oral and Maxillofacial Surgery, Okayama University Hospital, during the past 10 years** (1)

**Clinical approach of ankyloglossia in babies: report of two cases** (1)

**Clinical inquiries. When should you treat tongue-tie in a newborn?** (1)
Clinical study on speech disorders and speech therapy of ankyloglossia

Cloning and expression analysis of the chick ortholog of TBX22, the gene mutated in X-linked cleft palate and ankyloglossia

Comparison of diode laser and Er:YAG lasers in the treatment of ankyloglossia

Complete ventral ankyloglossia in three related dogs

Computed tomographic study of the effect of a tongue-tie on hyoid apparatus position and nasopharyngeal dimensions in anesthetized horses

Congenital ankyloglossia associated with glossoptosis and palatum fissum

Congenital ankyloglossia with deviation of the epiglottis and larynx: symptoms and respiratory function in adults

Congenital benign teratoma of the tongue with bifid tip, ankyloglossia and polydactyly: report of a case

Congenital median cleft of the lower lip, bifid tongue with ankyloglossia, cleft palate, and submental epidermoid cyst: report of a case

Congenital palatal ankyloglossia as the dominant member of a complex of multiple abnormalities; on the pathogenesis of ankyloglossia superior

Congenital tongue-tie and its impact on breastfeeding

Contribution to the study of the frenulectomy in patients with ankyloglossia (author's transl)

Craniofacial expression of human and murine TBX22 correlates with the cleft palate and ankyloglossia phenotype observed in CPX patients

Braybrook, C., Lisgo, S., Doudney, K., Henderson, D., Marcano, A. C., Strachan, T., . . . Lindsay, S. (2002). Craniofacial expression of human and murine TBX22 correlates with the cleft palate and ankyloglossia phenotype observed in CPX patients. [Comparative Study Research Support, Non-U.S. Gov't]. Human molecular genetics, 11(22), 2793-2804.

Defining ankyloglossia: a case series of anterior and posterior tongue ties

Diagnosis and treatment of ankyloglossia and tied maxillary fraenum in infants using Er:YAG and 1064 diode lasers

Difficult intubation in an infant with Pierre Robin syndrome and concomitant tongue tie

Division of tongue tie as an outpatient procedure. Technique, efficacy and safety (1)

Division of tongue tie: review of practice through a tertiary paediatric otorhinolaryngology service (1)

Division of tongue tie: wicked and barbaric? (1)

Dominant heredity of ankyloglossia (1)

Dominantly hereditary ankyloglossia (1)

Early lingual frenectomy assisted by CO2 laser helps prevention and treatment of functional alterations caused by ankyloglossia (1)

Editorial: Tongue-tie (1)

Effect of 'tongue tie' use on racing performance of thoroughbreds in the United Kingdom (1)

Effect of a tongue-tie on upper airway mechanics during exercise following sternothyrohyoid myectomy in clinically normal horses (1)

**Effect of a tongue-tie on upper airway mechanics in horses during exercise**
